Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That’s why our tuition and fees are among the most affordable of the Illinois public universities. We offer a tuition guarantee program that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 40 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

Special Education Program Description

The major in Special Education is designed to prepare undergraduate candidates to become highly proficient in the delivery of instruction and services to all school aged children and adolescents with exceptionalities. The program consists of a 48 credit hour major plus a 24 credit hour cognate (in lieu of a minor). Candidates are selected each October to begin studies in the subsequent spring semester as a cohort. Most coursework is offered during daytime hours.

Contact Information
