Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That's why our tuition and fees are among the most affordable of the Illinois public universities. We offer a **tuition guarantee program** that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 40 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

Anthropology Program Description

Northeastern's Anthropology Department focuses on developing students who are well-versed in the methods, theories, and findings of the three subfields: biological anthropology, archaeology and cultural anthropology. Through their coursework, students learn about the full arc of the human story, from the beginnings of human life until today, and from all corners of the globe to right here in Chicago. Along the way, students who major or minor in anthropology gain a valuable set of intellectual and practical skills that serve them well in a broad range of post-graduation career and educational endeavors.
