NEIU Main Campus (Chicago, IL)

Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That's why our tuition and fees are among the most affordable of the Illinois public universities. We offer a **tuition guarantee program** that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 50 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

Early Childhood Education (Non-Licensure Track) Program Description

This concentration is designed as a non-licensure track for students pursuing the Bachelor of Arts in Early Childhood Education. This concentration prepares students to graduate with knowledge, skills, and dispositions needed to work with children from birth to Grade 2 in a variety of settings which do not require a teaching license. Such settings include museums, child care programs, non-profit organizations, private schools/businesses, and other places which provide conducive environments for young children to engage in active learning as they grow and develop.

Students can enter the program with AA or AAS, or as Freshmen. After the completion of 60 credit hours, all undergraduates will be able to proceed with taking courses if they have the following:

- Minimum GPA 2.5
- No grades below a C
- Successfully completed (with a C grade minimum) English 101 and 102 and college level Math
