

## Prairie State College Transfer Guide Bachelor of Science in Accounting

Available at:  
NEIU Main Campus (Chicago, IL)

### Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That's why our tuition and fees are among the most affordable of the Illinois public universities. We offer a **tuition guarantee program** that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 40 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

### Accounting Program Description

Accounting is the language of business, and employees of small and large organizations must understand basic accounting principles. The knowledge of debits and credits, financial statements, and accounting information systems is basic for all business activities. Accounting majors must, of course, be well grounded in accounting theory and practice. Many accounting majors sit for the Uniformed Certified Public Accountant (C.P.A.) Examination and embark on meaningful careers in the public accounting field, and some seek to take the Certified Management Accountant (C.M.A.) Examination.

The College of Business and Management is accredited by the [Association to Advance Collegiate Schools of Business](#) (AACSB) and is among the top five percent of the worldwide business schools offering degree programs. See the [Dean's Welcome](#) for four compelling features to study in the College of Business and Management.
