Art (Art History Concentration) Program Description

Northeastern's Department of Art + Design offers an undergraduate program leading to a Bachelor of Arts degree in Art. The fundamental objective of the Art + Design Department programs is to provide and promote a knowledge and understanding of the visual arts. The art history concentration introduces students to numerous periods of art, cultural and historical events, visual means of expression and communication, and research methods. Programs in the department prepare students to pursue graduate school, careers in the arts or teaching, and emphasize lifelong learning.
