### Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That's why our tuition and fees are among the most affordable of the Illinois public universities. We offer a **tuition guarantee program** that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 40 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

### History Program Description

Northeastern's Department of History trains students to question essential assumptions about human societies and cultures. Students develop a broad and deep body of historical knowledge that gives important context to human action and events. Our students learn to collect, organize, analyze and interpret complex sources. They use these sources to craft clear and well-supported historical arguments, and to present their findings to a variety of audiences. We apply historical knowledge and historical thinking to contemporary issues, and learn to weigh diverse points of view. The ability of historians to engage both complexity and detail and to develop critical thinking, clear writing, and persuasive speaking skills prepare our students for successful careers in business, law, education, and government.
