Why Choose Northeastern?

Northeastern Illinois University is committed to providing an affordable education. That's why our tuition and fees are among the most affordable of the Illinois public universities. We offer a **tuition guarantee program** that guarantees incoming students the same tuition rate for four years.

Northeastern offers more than 50 undergraduate degree and certificate programs, with classes on weekdays, evenings, weekends, and online. Small class sizes allow for students to pursue a more personal academic experience in one of the most ethnically diverse universities in the nation.

Computer Science Program Description

The Bachelor of Science degree in Computer Science prepares students to pursue graduate study or to assume positions that include software engineering, technical programming, and the application of computers and related technologies to problems in industry such as computer security, network design and management, and Web design.
