Congratulations on your admission to Northeastern Illinois University. Now that you’re admitted, you have access to NEIUport, the University’s portal system, that allows you to access your Northeastern Illinois University email account, view your degree evaluation, check your financial aid status and pay tuition, as well as register for classes, look up required textbooks and sign up for N-Safe.

It is important that you set up your NEIUport account as soon as possible. Please follow the instructions below.
